

## **IMPORTANT NOTICE TO VHF SPLITTER USERS**

Before you start using the VHF SPLITTER product from True Heading AB it is important that you read and fully understand the installation manual and its instructions. You should only proceed with the installation if you are confident that you will be able to do so.

True Heading AB can not be held liable for any injury or damage caused by, during or as a result of the installation of the VHF SPLITTER. The VHF SPLITTER is used at your own risk.

The VHF SPLITTER is a tool to make installation easier by connecting more than one radio to the same VHF antenna. When using the VHF SPLITTER it has to be understood that some signal-strength loss will be unavoidable in the connected equipment. The VHF SPLITTER installation should be inspected from time to time and checked on its operational quality frequently by the user.

Please register your purchase of the VHF SPLITTER with True Heading AB by sending an e-mail to [register@trueheading.se](mailto:register@trueheading.se) stating the serial number, date of purchase, your name, address and your dealers name.

## **LIMITED WARRANTY**

### **General**

The VHF SPLITTER is developed and manufactured to meet high technical requirements and user demands. If installed correctly and with regular maintenance your VHF SPLITTER should provide you with several years of operation and a very useful product. For further information other than this information sheet and the quick installation manual please consult the place where you purchased the VHF SPLITTER or direct to our support.

### **Warranty conditions**

- The warranty belongs to the person that purchased the product and cannot be handed over to a third party or person.
- The warranty is not valid if serial number is missing, seals broken or if the VHF SPLITTER has been incorrectly installed. Neither is the warranty valid if instructions for connection have not been followed, faults caused by wrong usage, own made modifications or service made from non-authorized service stations.
- True Heading AB acknowledges that VHF SPLITTER at delivery has been controlled and found operational.
- True Heading AB agrees to repair or replace any faulty unit without any cost according to the conditions set forth during a period of two (2) years from day of purchase.
- The warranty includes replacement or repair of faulty unit due to error in components or errors in relation to the production of the product.
- The warranty covers costs for spares, labor, and return shipment. It does not include shipment from to the repair facility.
- True Heading AB will never be liable under the warranty conditions for incorrect use, misuse, incidental, indirect or consequential damages of the VHF SPLITTER.
- Proof of purchase is required for any warranty claim of the VHF SPLITTER.

### **Warranty procedures**

True Heading AB repairs and replaces faulty parts or units. The customer is responsible for transport of the defect part or unit to True Heading or its retailer. Warranty claims shall be made to the place where the VHF SPLITTER was purchased or direct to True Heading AB through mail, fax or e-mail to our support.

### **Other issues**

True Heading AB keeps the right to change the specification of the product without prior notice.

**IF YOU ARE NOT ABLE TO ACCEPT THE TERMS ABOVE, PLEASE RETURN THE VHF SPLITTER TO YOUR RETAILER FOR FULL CREDIT BEFORE OPENED AND USED.**
